Story 1

penyakit yang paling banyak terjadi yaitu influenza yang mana hampir seluruh data negara yang di survey terkena penyakit influenza

dari data ini penyakit influenza juga sebagai faktor yang membuat hewan kebanyakan menderita penyakit dan penyebab influenza ini bermacam terkait dengan virus yang ada

semua data ini sudah terkonfirmasi dan hampir 70% data tersebut berasal dari OIE yang bertugas untuk memantau dan mendata penyakit hewan secara global yang tersebar diseluruh negara yang ada didunia

rata rata yang terkena influenza juga merupakan hewan unggas

Story 1
